Evidence Fact Sheet for EU Students and Sponsors

You'll need to send supporting evidence with your application for student finance. This fact sheet gives examples of what you'll need to send. You can find further information in the notes for the form you are completing.

About your documents

If you send a copy of any document it must be certified.

A certified copy is a photocopy of an original document which must have been stamped, signed and dated as being a true copy of the original by a person of good standing in the community.

Examples of a person of good standing include:

- Minister of religion
- Doctor
- Lawyer
- Civil servant
- Teacher/lecturer (**not** college or university administration staff)
- Police officer

The person certifying the copy must not be related to you and will need to give their name, job title, address and contact telephone number. You can find a certifier checklist to help you give the information we need at www.gov.uk/studentfinance

If you decide to send original documents, these will be returned to you.
